## Chocolate Frosting

1 stick (1/2 cup) vegan margarine (oil will *not* work in this)  
2/3 cup cocoa  
3 cup powdered sugar  
1/3 cup vanilla soy or rice milk  
1 teaspoon vanilla extract

Melt margarine. Stir in cocoa. Alternately add powdered sugar then soymilk, beating on medium speed to spreading consistency. Add more milk, if needed. Add vanilla. Makes enough to frost a round 9" layered cake or one 9" x 13" square cake.
